SILICONE FOLEY CATHETERS

CATHETERS

OXYGEM MASKS – MUCUS EXTRACTOR

OTHER PRODUCTS

The COMPANY is an innovative Medical Products trading company. Their export business covers a wide range of products, including a full array of **medical supplies** and **health care products**. For example, **surgical face masks, Laryngeal Mask, Suction catheter, Gauze sponge, Oxygen nasal cannula**. The Company's primary mission is to provide the highest quality products and cost effective solution to **health care** provides worldwide while enhancing the quality of patient care. These cost management efforts focus primarily on the supply chain and encompass a range of strategies. The Company passed **ISO13485** certificate of the system of quality certification and have got the **CE** certification already. The work team is dedicated to provide our clients with the highest quality.

In order to ensure that all the products we supply will meet our client's expectations, we have implemented a comprehensive quality control policy. **All products undergo their QC inspection**. We also invite our customers to verify their products at our warehouse before loading.

The Company provides products and services to the entire field of healthcare, including **hospitals, extended care facilities, surgery centres, commercial laundries, home care dealers, home care agencies, physician offices** and other **alternate care sites**.

FEATURES

There is a Visualization line on the shaft. The tip is smooth. The air-charged. Balloon has a good softness. There is no urine crystallization, stimulation or urinary tract infection. Its shaft is soft and wide inside. It is suitable for long term indwelling and drains. The coloured one way valve is easy to recognize and applicable to various injectors.

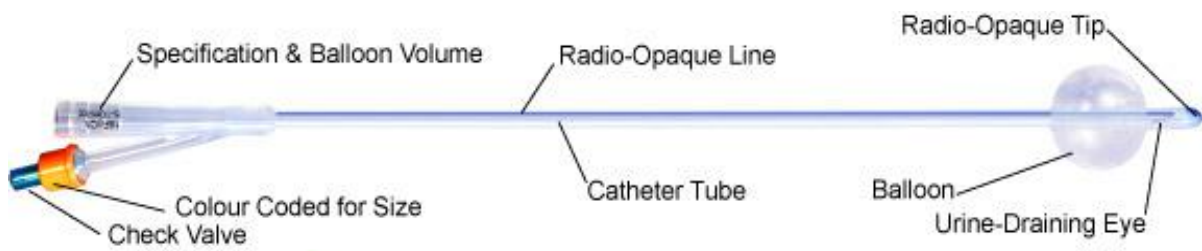

APPLICABILITY

It is used for urethral catheterization and drainage in department of urology

CLINICAL BENEFITS

The Size ranges from 8 to 26 Charriere CH / French Fr. Smooth tapered tip of our catheters facilitate easy insertion into urethra. The drainage eyes are accurately formed to permit effective drainage. The symmetrical balloon expands equally in all directions and efficiently retains bladder. Colour coded sleeves are useful for easy and rapid size identification valve permits simple & easy inflation / deflation. The smooth outer surface is manufactures by the pure silicon which facilitates easy passage through urethra to reduce the infection rate and improve Bio Compatibility. The sterilization is done by EO. Our products conform to ISO 9001 : 2000 and CE certificate

This ensures that the following specifications are strictly adhered to:

- Smooth surface
- Rounded tip
- Evenly formed eyes
- Gauge (dimension)
- Balloon symmetry
- Deflation Reliability test for each batch
- Valves used which are very reliable and more suited for all syringe nozzles.
- For easy identification of size, Colour Coded Circular Sleeves are used.

The following tests are conducted on each Catheter to ensure its reliability:

- Sterility
- Toxicity
- Mechanical Testing
- Tensile Strength
- Cell Culture Cyto-toxicity
-

ADVANTAGES

This paediatric Foley Catheters is designed to smooth circinal top for controlled insertion of catheters which helps in minimizing patient trauma. This Foley Catheters has been passed ISO 9001 and CE. Currently, it is being exported to all over the World. These 3 - Way Catheters are made up of large drainage lumen for quick flow of urine. The 3 - Way Catheters facilitate large irrigation lumen for effective flow of irrigation fluid. The 3- Way Catheters are adequately stiffer to withstand traction after TURP surgery. Stringent Quality Assurance Tests are conducted on every individual catheter at Raw material, In-Process and Finished Product Stages.

PRODUCTS

2 Ways Balloon Catheter

| Specification | Balloon Capacity |

| 16Fr | 10ml | 3ml |

Nasal Oxygen Tube

00600-01

Made from non-toxic PVC, medical grade
 Length:2 meters
 Size: adult, children, infant
 Available in sterile and Non-sterile condition
 Sterile packed in peelable polybag or blister pack
 Sterilised by EO Gas

Stomach Tube

00610-01

PVC Stomach Tube

Made from non-toxic PVC ,medical grade
 Length:125cm±2cm
 With graduation or without graduation
 Transparent, with X-ray is available
 Size:F6,F8,F12,F14,F16,F18,F20,F22,F24
 Supplied sterile in individual peelable polybag or blister pack
 Sterilized by EO Gas

00610-02

Silica gel stomach tube

Made from Silica Gel, medical grade
 Length:125cm±2cm
 Transparent, with X-ray is available
 Size:F6,F8,F12,F14,F16,F18,F20,F22,F24
 Supplied sterile in individual peelable polybag or blister pack
 Sterilized by EO Gas

Suction Catheter

00620-01

Made from non-toxic PVC ,medical grade
 Length:45cm±2cm
 Transparent, Mist surface is available
 With graduation or without graduation
 Size:F5,F6,F8,F10,F12,F14,F16,F18,F20,F22, F24
 Supplied sterile in individual peelable polybag or blister pack
 Sterilized by EO Gas

Yankauer Suction set

00800-01

Made of non-toxic PVC ,medical grade
Supplied sterile in individual peelable polybag or blister pack
Sterile, sterilized by ethylene oxide gas
Consist of Yankauer suction tip and connection cannula

Feeding Tube

00630-01

Made from non-toxic PVC, medical grade
Length:40cm±2cm(infant),120cm±2cm(Adult)
Transparent, with X-ray is available
Size:f4,f5,f6,f8,f10,f12,f14,f16,f18.f20,f22,f24
Supplied sterile in individual peelable polybag or blister pack
Sterilized by EO Gas

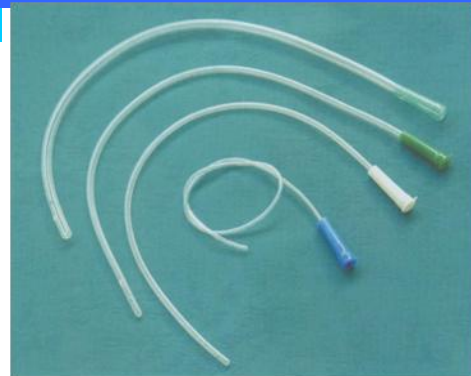

Urology Catheter

PVC Nelaton Catheter

00640-01

Made from non-toxic PVC, medical grade
Length:40cm±2cm
Transparent, Mist surface is available
Size:F6,F8,F10,F12,F14,F16,F18,F20,F22,F24
Supplied sterile in individual peelable polybag or blister pack
Sterilized by EO Gas

Foley Catheters

made from natural latex, Silicone coated
available with the option of plastic valve or rubber valve
colour-corded for visualisation of size
packed sterilised, for single use only

00650-01

2-way paediatric
size: Fr6, Fr8, Fr10
Length: 250mm

00650-02

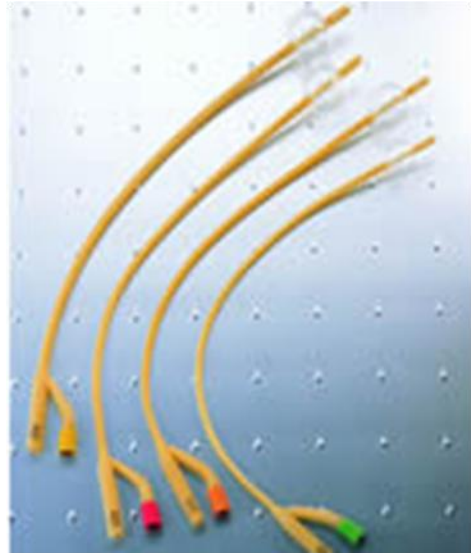

2-way standard

size: Fr12, Fr14, Fr16, Fr18, Fr20, Fr22, Fr24, Fr26

balloon: 5-10cc/30cc/30-

50cc

length: 400mm

00650-03

2-way female

size: Fr12, Fr14, Fr16, Fr18, Fr20, Fr22, Fr24, Fr26

balloon: 5-10cc/30cc/30-

50cc

length: 220mm

00650-04

2-way Tiemann

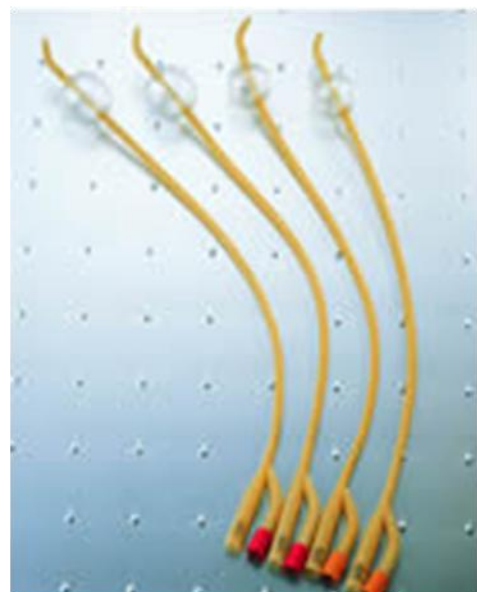

size: Fr12, Fr14, Fr16, Fr18, Fr20

balloon: 5-10cc/30cc/30-

50cc

length: 400mm

**NO MORE
AVAILABLE**

00650-05

3-way standard
size: Fr16, Fr18, Fr20, Fr22, Fr24, Fr26
ballon:30cc/30-50cc
length: 400mm

00650-06

3-way double balloons
size: Fr16, Fr18, Fr20, Fr22, Fr24, Fr26
ballon:10cc(front)/30cc(rear) or 30cc(front)/30cc(rear)
length: 400mm

00650-07

4-way double balloons Type-A
size: Fr18, Fr20, Fr22, Fr24, Fr26
ballon:10cc(front)/30cc(rear) or 30cc(front)/30cc(rear)
length: 400mm

00650-08

4-way double balloons Type-B
size: Fr16, Fr18, Fr20, Fr22, Fr24, Fr26
ballon:10cc(front)/30cc(rear) or 30cc(front)/30cc(rear)
length: 400mm

Urethral Catheters

00660-01

Red latex
made from natural latex, Silicone coated
packed sterilised, for single use only
size: Fr6, Fr8, Fr10, Fr12, Fr14, Fr16, Fr18, Fr20, Fr22, Fr24

Malecot Catheters

00670-01

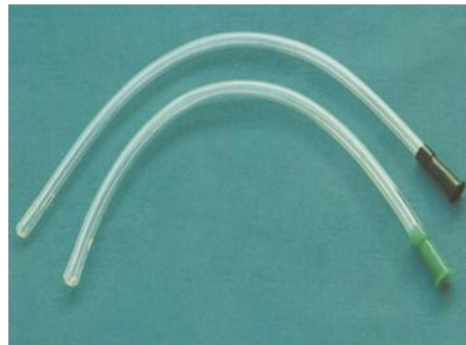

made from natural latex, Silicone coated
packed sterilised, for single use only
size: Fr12, Fr14, Fr16, Fr18, Fr20, Fr22, Fr24, Fr26
length: 400mm

Rectal Tube

00680-01

Made from non-toxic PVC, medical grade
Length: 37cm ± 2cm
Transparent, Mist surface is available
Size: F24, F26, F28, F32, F34, F36
Supplied sterile in individual peelable polybag or
blister
pack
Sterilized by EO Gas

Respiratory Tube

Endotracheal Tubes

available with cuff (high volume low pressure) and without cuff
 radio opaque line through the length for X-ray visualisation
 with 15mm connector
 packed sterilised, for single use only

Oral / Nasal Endotracheal Tube

00710-01

Cuffed endotracheal tubes

Size: ID 4.0mm, 4.5mm, 5.0mm, 5.5mm, 6.0mm, 6.5mm,
 7.0mm, 7.5mm, 8.0mm, 8.5mm, 9.0mm, 9.5mm,
 10.0mm

magill type

smooth, gently cupped murphy eye tip

be used of oral and nasal intubation

00710-02

Uncuffed endotracheal tubes

size: ID 2.0mm, 2.5mm, 3.0mm, 3.5mm, 4.0mm, 4.5mm, 5.0mm,
 5.5mm, 6.0mm, 6.5mm, 7.0mm, 7.5mm, 8.0mm, 8.5mm,
 9.0mm, 9.5mm, 10.0mm

magill type

smooth, gently cupped murphy eye tip

be used of oral and nasal intubation

Oral Preformed Tracheal Tubes

00720-01

Oral cuffed

size: ID 4.0mm, 4.5mm, 5.0mm, 5.5mm, 6.0mm, 6.5mm, 7.0mm, 7.5mm, 8.0mm, 8.5mm, 9.0mm

be used of oral intubation

00720-02

Oral uncuffed

size: ID 3.0mm, 3.5mm, 4.0mm, 4.5mm, 5.0mm, 5.5mm, 6.0mm, 6.5mm, 7.0mm

Nasal Preformed Tracheal Tubes

00730-01

Nasal cuffed

size: ID 6.0mm, 6.5mm, 7.0mm, 7.5mm, 8.0mm

be used of nasal intubation

00730-02

Nasal uncuffed

size: ID 3.0mm, 3.5mm, 4.0mm, 4.5mm, 5.0mm, 5.5mm, 6.0mm, 6.5mm, 7.0mm

Tracheostomy Tubes

permanently attached 15mm connector
pre-connected neck-tape
available with cuff (high volume low pressure) and without cuff
radio opaque line through the length for X-ray visualisation
packed sterilised, for single use only

00740-01

Cuffed Tracheostomy tubes

size: ID 5.0mm, 5.5mm, 6.0mm, 6.5mm, 7.0mm, 7.5mm, 8.0mm, 8.5mm, 9.0mm

00740-02

Uncuffed Tracheostomy tubes

size: ID 3.5mm, 4.0mm, 4.5mm, 5.0mm, 5.5mm

6.0mm, 6.5mm, 7.0mm, 7.5mm, 8.0mm, 8.5mm, 9.0mm

Joint Tube

00750-01

Extended Linkage Tube

Size: ID2x200mm, 2x300mm, 2x500mm, 2x800mm

Supplied sterile in individual sterile blister pack

Sterilized by EO Gas

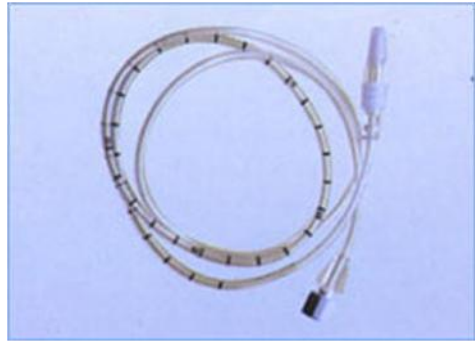

00750-02

Central Vein Measuring Pressure Tube (AL)

Supplied sterile in individual sterile blister pack

Sterilized by EO Gas

00750-03

Three-direction Linkage Tube

Supplied sterile in individual sterile blister pack

Sterilized by EO Gas

00750-04

T Type Linkage (TLI)

Size: ID1.4x120mm, 2x120mm

Supplied sterile in individual sterile blister pack

Sterilized by EO Gas

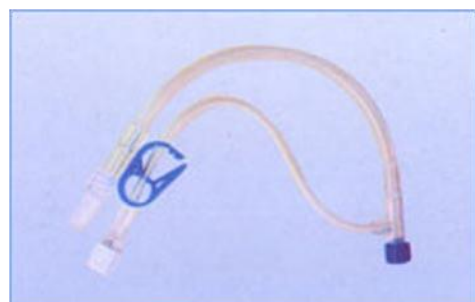

00750-05

T Type Extension Tube
(II)

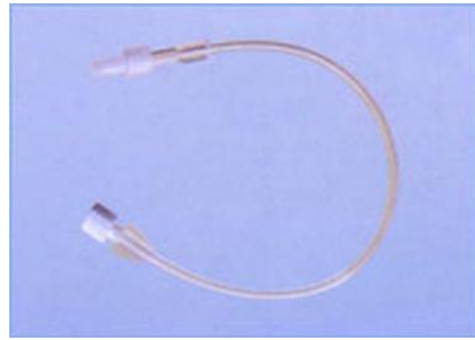

Supplied sterile in individual sterile blister pack

Sterilized by EO Gas

00750-06

Artery Measuring Pressure Tube (AL)
Size: ID2x200m, 2x300mm, 2x500mm, 2x800mm,
2x1000mm
Supplied sterile in individual sterile blister pack
Sterilized by EO Gas

Oxygen Mask

clear, soft vinyl for patient comfort and visual patient assessment
adjustable nose clip assures comfortable fit

Oxygen Mask

| | size | description |
|-------------|----------------------|-------------------------------------|
| 00760-01/01 | adult | medium concentration with tubing |
| 00760-01/02 | adult | medium concentration without tubing |
| 00760-02/01 | paediatric | medium concentration with tubing |
| 00760-02/02 | paediatric | medium concentration without tubing |
| 00760-03/01 | adult elongated | medium concentration with tubing |
| 00760-03/02 | adult elongated | medium concentration without tubing |
| 00760-04/01 | paediatric elongated | medium concentration with tubing |
| 00760-04/02 | paediatric elongated | medium concentration without tubing |

Aerosol Mask

available with nebulizer

| | size |
|----------|----------------------|
| 00770-01 | adult |
| 00770-02 | paediatric |
| 00770-03 | adult elongated |
| 00770-04 | paediatric elongated |

Mucus Extractor

00780-01 00810-01

Made of non-toxic PVC, medical grade

Size:F8,F10,F12

Supplied sterile in individual peelable polybag or blister pack

Sterile, sterilized by ethylene oxide gas

OTHER PRODUCTS

Vaginal Speculum

00820-01

Vaginal Speculum is made of polystyrene(PS), which is

A transparent substance, non-toxic, medical grade

Supplied sterile in individual peelable polybag or blister pack

Sterile, sterilized by ethylene oxide gas

Types:
