COMPANY

The Company, who belong to important Group, is the manufacturer for the urine drainage bag, leg bag, urine meter, feeding bag (Enteral Feeding Sets), irrigation bag, wound drainage reservoir, suction connecting tube (with or without Yankauer Handle), disposable colostomy bag, non re-breath bag, mouth-to-mouth breathing mask, umbilical cord clamp as well as many types medical connectors, like the Kapkon connector, etc. and our products researching department are continuing to develop new products. Our quality control system has been audited by TUV GmbH based on ISO 13485: 2003 and ISO 9001: 2000 standards and also registered of CE and FDA.

Because we have the capacity for the mould producing by ourselves, so we can produce many new products according to our client's requirements (with their patent authorization) in short time. We use the top quality plastic injection machinery to produce all components of medical products by ourselves; it will be helpful to control our products quality. And the Company is preparing to construct new big factory, we have more big capacity to developing new products lines.

Our products were sold very well in USA, EU, etc. we can supply good quality, excellent services and good prices for all our old and new clients.

NOTE: ALL PICTURES ARE AVAILABLE IN BIG FORMAT ON REQUEST

GCU2015 Series**GCU201501**

Ref: GCU201501 Front Film: Transparent Back Film: White

Outlet: Pull-push valve - Capacity: 2000ml

A. 1500ml and 1000ml are available.

B. With anti-reflux valve. Tubing length will be 90cm or 110cm.

C. Available in two plastic hangers or belts.

D. Latex free. Packed in poly bag or blister with E.O. sterile. Or bulk. OEM available.

DELUXE URINE BAG

GCU210902

Urine Bag 2000ml, with white sample port & T valve. Extra thickness film (0.15mm per ply), double transparent films. Extra outer diameter Tubing (9mm). Four holes for different distance hang sizes.

* * *

GCU202001

Urine Bag 2000ml, with transparent sample port & T valve.
Extra thickness film, one film is transparent another film is white.
Elasticity & extra outer diameter tubing.
Four holes for different distance hang sizes.

* * *

GCU210101

Urinary Drain Bag 2000ml, with twist valve.
Front film is transparent, back film is white. With needle sample port.
With anti-reflux valve. Latex-free. Packed sterile.

GCU2102 Series

GCU210201

Urinary Drain Bag 2000ml, with T valve. Front film is transparent, back film is white.
With white sample port. With anti-reflux valve. Latex-free. Packed sterile.

GCU210202

Urinary Drain Bag 2000ml, with T valve. With double ropes. Thin thickness film (0.11mm) per ply. Front film is transparent, back film is white.
6.5mm outer diameter tubing. With anti-reflux valve. Latex-free. Packed sterile.

GCU210205

Urinary Drain Bag 2000ml, with single reversal valve. With white sample port.
With anti-reflux valve. Latex-free. Packed sterile.

GCU2103 Series

gcu210301

Urinary Drain Bag 2000ml, with twist valve.
Front film is transparent, back film is white. With sample port.
With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU210302

Urinary Drain Bag 2000ml, with pull-push valve.
Front film is transparent, back film is white. With sample port.
With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU2104 Series

GCU210401

Urinary Drain Bag 2000ml, with T valve. Front film is transparent, back film is white.
With sample port. With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU210402

Urinary Drain Bag 2000ml, with T valve. Thin thickness film (0.11) per ply. Front film is transparent, back film is white.
6.5mm outer diameter tubing. With anti-reflux valve. With plastic tie. Latex-free.
Packed sterile.

GCU210403

Urinary Drain Bag 2000ml, with T valve. Front film is transparent, back film is white.
With white sample port. With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU210404

Urinary Drain Bag 2000ml, with twist valve. Front film is transparent, back film is white. With sample port. With anti-reflux valve. With reinforced single hanger. Latex-free. Packed sterile.

GCU2105 Series

GCU210501

Urinary Drain Bag 2000ml, with twist valve. Front and back film are transparent. With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU210502

Urinary Drain Bag 2000ml, with twist valve. Front and back film are transparent. With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU2106 Series

GCU210601

Urinary Drain Bag 2000ml, with top clamp control. Front and back film are transparent. With anti-reflux valve. With plastic tie. Latex-free. Packed sterile.

GCU210610

Urinary Drain Bag 2000ml, with T valve. Front film is transparent, and back film is white. With anti-reflux valve. With needless sample port. Latex-free. Packed sterile.

GCU210611

Urinary Drain Bag 2000ml, with T valve. Front film is transparent, and back film is white. With anti-reflux valve. With white sample port. Elastic tubing. Latex-free. Packed sterile.

GCU210612

Urinary Drain Bag 2000ml, with T valve. With white sample port. Front film is transparent, and back film is white. With anti-reflux valve. Elastic tubing. Latex-free. Packed sterile.

GCU210603

Urinary Drain Bag 2000ml, with T valve. With white sample port. Front film is transparent, and back film is white. With anti-reflux valve. With reinforced double hanger. With tubing clamp. Elastic tubing. Latex-free. Packed sterile.

GCU210614

Urinary Drain Bag 2000ml, with T valve. With white sample port. Front film is transparent, and back film is white. With anti-reflux valve. With reinforced double hanger. With tubing clamp. Elastic tubing. Latex-free. Packed sterile.

GCU210615

Urinary Drain Bag

2000ml, with T valve. With sample port.

Front film is transparent, and back film is white.

With anti-reflux valve. With reinforced double hanger. With tubing clamp.

Elastic tubing. Latex-free. Packed sterile.

GCU210616

Urinary Drain Bag

2000ml, tubing outlet with clamp.

Front film is transparent, and back film is white.

With anti-reflux valve. With reinforced tape. Latex-free. Packed sterile.

Ref.: GCU210803 - 2000ml With anti-reflux tower (one part),

With needless sample port. With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger & rope hanger. With T valve. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU2109 Series

GCU210901

Urinary Drain Bag

2000ml, With anti-reflux tower, With needless sample port.

With reinforced single hanger. With finger guard clamp. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU210902

Urinary Drain Bag

2000ml, With anti-reflux tower, With white sample port.

With reinforced single hanger. With T valve outlet. Latex-free. Packed sterile.

Blister pack or poly bag packing.

GCU2110 Series

GCU211003

Urinary Drain Bag

2000ml, With anti-reflux device (two parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger & rope hanger. Latex-free. Packed sterile.

Blister pack or poly bag packing.

GCU211004

Urinary Drain Bag

2000ml, With anti-reflux device (two parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger & rope hanger. With T valve. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU211005

Urinary Drain Bag

2000ml, With anti-reflux device (two parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger & rope hanger. With T valve. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU21106

Urinary Drain Bag

2000ml, With anti-reflux device (one parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger & rope hanger. With T valve. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU211007

Urinary Drain Bag

2000ml, With anti-reflux device (one parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger. Tubing outlet with clamp. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU211008

Urinary Drain Bag

2000ml, With anti-reflux device (one parts), With white sample port.

With bed sheet clamp. Tubing clip is optional.

With reinforced double hanger. Tubing outlet with clamp. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU211009

Urinary Drain Bag

2000ml, With anti-reflux device (two parts), With needless sample port.

With bed sheet clamp. Tubing clip is optional.

Elastic Tubing. With reinforced plastic hanger tape. With T valve. Latex-free.

Packed sterile. Blister pack or poly bag packing.

GCU211010

Urinary Drain Bag

2000ml, With anti-reflux device, With special sample port.

With clamp on elastic tubing. With reinforced plastic hanger tape. With T valve.

Latex-free. Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211011** 2000ml, With anti-reflux device (one parts), With white sample port.
With reinforced single hanger. With finger guard clamp. Latex-free. Packed sterile.
Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211012** 2000ml, With anti-reflux device (one parts), With sample port.
With bed sheet clamp. Tubing clip is optional.
With reinforced double hanger & bed sheet. Elastic tubing.
Tubing outlet with clamp. Latex-free. Packed sterile.
Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211013** 2000ml, With anti-reflux device (one parts), With needless sample port.
Tubing clip is optional. With reinforced double hanger. With T valve. Latex-free.
Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211014** 2000ml, Elastic tubing. With anti-reflux device, With wing sample port.
Tubing clip is optional.
With reinforced double hanger. With bed sheet & tubing clamp.
With luxury T valve. Latex-free. Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211015** 2000ml, Elastic tubing. With anti-reflux device (two parts), With white sample port.
With reinforced double hanger & plastic hang tape. With bed sheet & tubing clamp.
With luxury T valve. Latex-free. Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211017** 2500ml, Elastic tubing. With anti-reflux device, With sample port.
With reinforced double hanger & plastic hang tape. With bed sheet & tubing clamp.
With luxury T valve. Latex-free. Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211018** 2000ml, Elastic tubing. With anti-reflux device, With white sample port.
With reinforced double hanger & plastic hang tape. With bed sheet & tubing clamp.
With luxury T valve. Latex-free. Packed sterile. Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211019** 2000ml, Elastic tubing. With drip chamber, With sample port.
With reinforced single hanger. With T valve. Latex-free. Packed sterile.
Blister pack or poly bag packing.

- Urinary Drain Bag**
- GCU211020** 2000ml, Elastic tubing. With drip chamber, With anti-reflux device, With white sample port. With reinforced single hanger. With T valve.
Latex-free. Packed sterile. Blister pack or poly bag packing.
